I/we support the goals of the DAV, in particular, recognize the statutes of the Munich and Oberland sections as well as the privacy policy printed overleaf. Membership is valid for the calendar year. I/we know that leaving at a later date requires this to be declared in writing to the sections by 30 September so that it becomes effective at the end of the year. Membership for children and adolescents does not automatically end at the age of 18 – including in the case of an existing family membership – but continues to be valid unless it is terminated in accordance with the above notice.

Data protection information

Information for members regarding the processing of personal data according to Art. 13 General Data Protection Regulation
Stand: 01.01.2025

The Munich and Oberland sections of the German Alpine Club process their members' personal data as this is absolutely necessary for membership. Since the information obligations have become more extensive with the EU General Data Protection Regulation, we would like to inform you about the processing.

1 Data controller

When you become a member of ours, you can choose which section you become a member of. Accordingly, one of the following sections is responsible for you:

Sektion München des Deutschen Alpenvereins e. V. (Munich section)

Rindermarkt 3 - 4, 80331 Munich
Tel. +49 89 551700-0
service@alpenverein-muenchen.de

Sektion Oberland des Deutschen Alpenvereins e. V. (Oberland section)

Tal 42, 80331 Munich
Tel. +49 89 290709-0
service@dav-oberland.de

Cooperation as Alpine Club Munich & Oberland
The Munich section of the German Alpine Club and the Oberland section of the German Alpine Club work closely together to offer their members the best possible service. If you have chosen "Plus Membership" in the membership application, you will formally become a member of both sections.

2 Data Protection Officer

We have respectively appointed the following Data Protection Officer:

Christian Volkmer, Projekt 29 GmbH & Co. KG
Ostengasse 14, 93047 Regensburg

3 Purposes of processing and legal basis

Personal data is processed for the implementation of the membership. We process the following: your name, address and date of birth.

This information is essential for the implementation of the membership. If this information is incomplete, incorrect or if you deliberately withhold information, this can result in the termination of membership (deletion according to § 11 of the statutes). We need your bank details for bookings huts/events/equipment or for online membership.

In principle, providing your email address and telephone number is voluntary. However, we recommend this information at the latest when booking courses/huts/equipment so that we can contact you promptly if any questions arise, for example in the event of event cancellations or other uncertainties.

If you want to take out your membership online or use our online member area at www.alpenverein-muenchen-oberland.de, providing your e-mail address is mandatory. In the case of partner and family memberships, all personal information is visible to those in the partner and family membership.

From 25 May 2018, the legal basis for processing is Art. 6 para. 1 lit b) of the General Data Protection Regulation. We send the following printed matter:

- »alpinwelt«: The members' magazine (of the sections) is our official organ of the Munich and Oberland sections and contains notices and information for our members, such as invitations to the general meeting, changes to the statutes, minutes and resolutions of general meetings, etc.

– »Panorama«: The association magazine is the organ of the DAV (Federal Association)
None of this printed matter is advertising. Nevertheless, we are connected to nature and enable you to cancel individual printed matter in order to save paper. You can order or cancel your subscription yourself online in the members' area, in person at any service point or in writing to your section.

4 Processing in case of legitimate interest

No processing under legitimate interest (everything outside of the fulfilment of your membership contract) occurs.

5 Recipient

The service employees of both sections can access the data of all members (of both sections). First, this is technically necessary and, second, we can offer you the best possible service.

5.1 Deutscher Alpenverein DAV

Through your membership in a section, you become an indirect member of the Federal Association, Bundesverband des Deutschen Alpenverein e. V. (DAV), Anni-Albers-Straße 7, 80807 Munich. The Federal Association thus receives your data (name, date of birth and contact details).

5.2 Mountain accident insurance

Through their DAV membership, every member of the DAV enjoys the protection of the following insurances in the event of accidents during alpine activities (including skiing, cross-country skiing, snowboarding):

1. Search, recovery and rescue cost insurance with Union Krankenversicherung,
2. Accident-related medical expenses insurance also with Union Krankenversicherung,
3. Accident insurance coverage with R+V Allgemeine Versicherung AG
4. Sports liability insurance with Generali Versicherung AG

For all insurance companies, we only report the number of our members through the Federal Association. The Federal Association only reports by name in the event of a claim through a damage report that you must fill out yourself.

5.3 Direct debit

For the collection of membership fees or other claims, we will – provided you have agreed to direct debit in writing – forward your name and your bank details to our bank in accordance with the requirements of SEPA.

5.4 Sports federations

For participation in events (competitions, training, education measures, etc.) that take place within the German Sports Confederation, the State Sports Association, the German Olympic Sports Association, a state sports association or other association or professional association of which membership in or registration with the respective federal government or association is required, we will report our members by name in accordance with their specifications, if necessary.

5.5 Collection agencies

In the case of outstanding claims, we reserve the right to transmit your data to Credit Reform (debt collection agency) in individual cases. No sale or assignment of claims occurs.

5.6 Government funding

Some sports activities are funded by the state (federal, state, local, etc.). For this, it is necessary that our trainers are reported by us by name. In the case of athletes, an anonymous report of the number has sufficed so far. Should this change, we will make notifications by name in order to receive funding.

6 Third country

If you take part in an event (course, tour, etc.) in a country that does not belong to the EU or the EEA, you are aware of this when you register. For implementation, it is then necessary that we transfer your data to third countries. (Until 24 May 2018 according to Section 4c para. 1 No. 2 BDSG (Federal Data Protection Act), from 25 May 2018 according to Art. 6 para. 1 lit. b) GDPR.

You can find out from our Data Protection Officer whether there is an adequate level of data protection determined by the EU in your destination country. The level of data protection has been determined for Switzerland (Decision 2000/518/EC); for all other countries outside the EU/EEA, you must expect that there is no adequate level of data protection.

No other data transfers to third countries than those within the scope of the above activities occur.

7 Duration of storage

The booking of huts/equipment/courses is saved due to tax retention requirements. According to the tax assessment, this is 10 years. This also applies to your old address if you change your place of residence. For your membership data, the period begins at the end of the year in which you cancel.

8 Right to information, correction, deletion, restriction, data transferability

You can obtain information about your data stored with us at any time. You can do this online in the members' area, in person at any service point or in writing to your section. If something changes, you can also correct your data in the same way.

Please understand that we are legally obligated to store your data; therefore, we can neither offer you any restriction nor deletion.

If you want to change to another section, we will be happy to provide you with your data electronically (data portability).

9 Right to file complaints with the supervisory authority

If you are not satisfied, please let us know by using the contact details above. Please also use them if you have noticed breaches of data protection. Thank you! If you have any problems with data processing, you can contact our Data Protection Officer at any time (see contact details above).

In principle, you also have the right to lodge a complaint with a supervisory authority concerning the processing of your data. You can do this with a supervisory authority at your place of residence or with the supervisory authority responsible for us:

Bayerisches Landesamt für Datenschutzaufsicht
Postfach 606, 91511 Ansbach

10 Consent

We do not advertise, so we do not need your consent. We also do not create personal profiles.

Please send the completed application to one of the DAV sections:
